<b>Safety Ratio</b>	12:1 (BGV C1 directive)
<b>Compatible models</b>	<b>BASSO21t, BASSO36t, BASSO36t-A, EVO8-P</b>

## Technical Drawings

### **⚠ IMPORTANT Safety and Warranty notice**

This rigging equipment has been designed and constructed to be used exclusively with **IDEA** models **BASSO21t, BASSO36t, BASSO36t-A, EVO8-P**.

This Rigging Frame structure complies with the BGV C1 Directives with a WLL (Work Load Limit) with a 12:1 Safety Ratio. To preserve these features is imperative all other 3rd party rigging equipment also comply with the above directives and safety ratio. It is the user's responsibility to check and observe these practices before proceeding with rigging operations. The use with any other product or equipment is strongly discouraged and **IDEA** decline all responsibility derived from bad practices, misuse and alterations in the equipment.
